**SCHEDULE CORRECTION AND CHANGE PROCEDURES**

Administrative changes to a student's schedule may be necessary for a number of reasons including, but not limited to, Class Size Amendment restrictions mandated by the Florida Department of Education.

Other important things to remember:

- a) Elective schedule changes will not be offered once the school year begins due to teacher unit allocations.
- b) Academic schedule corrections will be considered on an individual basis and are subject to Class Size restrictions.
- c) Any adjustments made to a student's schedule may result in multiple periods being changed.
- d) Schedule change requests for a particular teacher, or to have a course at a certain time of the day, will not be considered.
- e) Students are responsible for all class work from the beginning of the semester regardless of the date the student entered the class.
- f) Failure to complete Summer Reading Assignments does not constitute a valid reason for a schedule change.
- g) Students appropriately placed in Honors and Advanced Placement courses will not be removed from those courses without consultation first taking place between the Student, Parent, Teacher, Counselor, AP for Curriculum, Principal, and Director of Advanced Academics for Hillsborough County Public Schools.
- h) After the 15th day of the semester, all adjustments to schedules must be approved by the AP for Curriculum, Subject Area Department Chair, and Counselor.

***I am aware of the programs offered to me/my child at Spoto HS and I agree with his/her choices as indicated.  
I have also read and understand the "Schedule Correction & Change Procedures."***
